

## Brass Linear Underwater Light

- Robust brass body
- Wireless DMX addressing(Optional)
- Underwater and out of water application
- Seamless End to End installation
- RGB color, Cool, Warm White

### SPECIFICATIONS

#### PHYSICAL

Length	330mm
Width	88mm
Height(Including bracket)	77mm
Weight	3.0Kgs

#### CONSTRUCTION

Color	Machined brass cast finish
Housing	Cast and machined brass
Front glass	Clear polycarbonate, LEXAN 8mm
Protection rating	IP68

#### LIGHT SOURCE

LED	9pcs of CREE LED, 3R, 3G, 3B
Color	RGB additive color changing

#### CONTROL

DMX channels	3 for R, G, B
Setting and addressing	Wireless DMX addressing or onboard dip switch
Protocol	DMX512

#### CONNECTIONS

Power and Data	2m of 4 conductor urethane black cable 2 core for Data and 2 core for 24VDC IN
----------------	---

#### ELECTRICAL

Rated input voltage	24VDC
Rated power consumption	30Watts and 1.25A at RGB full intensity
